

## IN THE FIGURES

Please amend Figures 2 and 3 as shown in the attached Replacement Sheets. In particular, the Replacement Sheet for Figure 2 further illustrates the data lines 53 from the channel estimator 54 to the joint optimizer 74 and further to the prefilter 56 and the DFSE 58. The Replacement Sheet for Figure 3 further illustrates the signal input from the channel estimator 54 to the joint optimizer 74, and the data lines 53 input to the prefilter 56 and the DFSE 58.
